

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF TELE-PAGE CORPORATION)	
FOR AUTHORIZATION OF ORDINARY COURSE OF)	
BUSINESS TOWER EXTENSION, OR ALTERNA-)	
TIVELY, FOR ISSUANCE OF A CERTIFICATE OF)	CASE NO. 10110
PUBLIC CONVENIENCE AND NECESSITY TO)	
CONSTRUCT A FILL-IN TRANSMITTER FOR)	
BENEFIT OF THE PUBLIC IN THE KENTON,)	
CAMPBELL AND BOONE COUNTIES, KY. AREA)	

O R D E R

IT IS ORDERED that Tele-Page Corporation ("Tele-Page") file an original and ten copies of the following information with the Commission. The information requested herein should be supplied no later than January 26, 1988. If the information cannot be provided by this date, Tele-Page should submit a motion for an extension of time stating the reason a delay is necessary and a date by which the information can be furnished. Such motion will be considered by the Commission.

1. Section I.2. of Tele-Page's application states, "Approval of this application will allow the Applicant to provide the needed improvement and services to its present subscribers." Describe the telecommunication services that are supplied to these present subscribers. Will the proposed tower and transmitter be used to provide additional services from Tele-Page (i.e. types of service not currently offered to Kentucky customers)?

2. Section II.1. of the application states, "Applicant, a radio common carrier, is a public utility in the business of transmitting radio signals for its customers supplied with mobile, dispatching or pocket pager equipment." Are mobile, dispatching and pocket pager equipment used to obtain different services, or a single service? Specifically, is the reference to mobile equipment a reference to conventional 2-way mobile telephone service?

3. Does Tele-Page currently serve any mobile telephone customers in Northern Kentucky? Is Tele-Page aware of potential customers unable to obtain mobile telephone service due to a lack of facilities?

4. Is Tele-Page aware of potential customers unable to obtain radio paging service due to a lack of facilities?

Done at Frankfort, Kentucky this 12th day of January, 1988.
